

# Uka Tarsadia University

**Asha M. Tarsadia Institute of Computer Science and Technology**

## Report on Workshop

### Distributed Version Control with Git and GitHub

**Date:** 13<sup>th</sup> April, 2024

**Venue:** Gulab Ba Computer Centre, AMTICS

**Time:** 10.00 AM Onwards

**Total No. of Participants:** 69

**Name of Expert:** Mr. Parth Shah

Mr. Parth is a software engineer, who is specialized in fullstack development. He works in multiple startups like VowCarClinic(Gomachanic), OYO rooms, Mitron App and also with various US Government's organizations.

**Event Coordinator:** Mr. Jay Patel, Mr. Aakash Parmar, Mr. Halak Patel

**Program Objective:** To enhance coding contribution journey by providing a powerful combination of version control, collaboration, code management, code review and community engagement using Git and GitHub.

#### About Event:

A version control system tracks the history of changes as people and teams collaborate on projects together. As developers make changes to the project, any earlier version of the project can be recovered at any time. GitHub is a developer platform that allows developers to create, store, manage and share their code which uses Git as a software.

Google form of the event has been circulated amongst students for the registration. Total 69 students had registered themselves for the workshop. On the event day, students did the breakfast alongside high tea before the event commencement. Expert and participants were welcomed by speech of our honourable institute's Director, Vishvajit Bakrola Sir. Two hands on sessions were conducted by invited expert during workshop. Students were given participation certificates at the end of the event.
