

In the fastest changing world, it becomes very important to move ahead at the swift of change by adding skills and improving quality. As a part of students' development, Department of Management has organized a full day workshop on "Learn India" for MBA and Integrated MBA students on 16th January 2018 at SRIMAD Hall. Mr. Sheopuri and Mr. Upadhyay have motivate and guide students by discussing on the concepts like self-disruption, technological changes, Artificial Intelligence, Power of human spirit etc. They have also conducted various exercises to let the students know about their work life balance. Topic discussed was really interesting and students enjoyed and learn a lot from the different sessions of workshop.
