Kishorbhai Institute of Agriculture Sciences and Research Centre (KIASRC), Uka Tarsadia University, Bardoli celebrated plantation week from 18th to 27th July 2024. The celebration was coordinated by NSS Unit of KIASRC.

Plantation is a noteworthy event that has reiterates India's stance on One Earth-One Family-One Future. Plantation 2024 is a part of the annual week-long fruits and economic crops plantation festivals celebrated during the third week of July at KIASRC, Agriculture. Prof. Dr. R. Krishnamurthy (Director, KIASRC) initiated planting week inaugural in the college Agriculture farm and thereby, motivated the students to continue plantation. Plantation of different Agricultural/Horticultural crops have been celebrated annually to plant more trees/shrub and to increase awareness of plantation among waste and empty lands.

The main motto behind plantation week was to plant as many trees as possible for a green earth. Important objectives of the plantation week includes, tree plantation, promoting conservation of fruit trees, The importance of tree plantation is to educate to students the importance of biodiversity and to prevent/reduce climate change and to minimize greenhouse effect.

The organizing team lead by Dr. Hemant Bagul, Staff and Students of Kishorbhai Institute of Agriculture Sciences and Research Centre along with university NSS Club, have jointly organized and supported in successful completion of the entire activity and educated students to sensitize "Love the trees until their leaves fall off, then encourage them to try again next year".

Glimpse of the event
