

Learning Management Concepts through Management Game

A Management club of B.V. Patel Institute of Business Management Computer & Information Technology had conducted treasure hunt activity as a part of management game for learning and practices of management concept. The activity was arranged for FY BBA-I students on 8th December 2017. The objective of the activity was to develop conceptual skills and team work as well as time management in the students. They used available resources within a specified time limit which aided to bring final conclusion. All the students were enthusiastically participated in the activity, in which they had identified puzzles and quotes; those were in the form of hidden clues.
