

Conference theme

This conference will be multidisciplinary event covering several major areas chemical, biological, pharmaceutical, nano and biological sciences.

1. Organic chemistry
2. Inorganic chemistry
3. Medicinal chemistry
4. Heterocyclic chemistry
5. Green chemistry
6. Natural products
7. Polymer sciences
8. Catalysis
9. Material Sciences
10. Computational chemistry
11. Drug designing and discovery
12. Herbal formulations
13. Drug delivery systems
14. Pharmacological studies
15. Pharmacokinetics and Pharmacodynamic studies
16. Nanobiotechnology
17. Biotechnology Biochemistry
18. Genetic engineering
19. Renewable energy
20. Nano Material
21. Surface chemistry
22. Electrochemistry
23. Supramolecular chemistry
24. Nuclear chemistry
25. Environmental chemistry
26. Biotechnology
27. Microbiology
28. Bioscience
29. Agriculture
