

"Invited Talk @ GSBTM Sponsored Workshop"

Delivered an Invited Talk at President Science College, GU, Ahmedabad

By Dr Paresh N Patel (06th July 2018)

Dr Paresh N Patel was called as an eminent speaker for the state level two days workshop entitled "Chemistry and Mathematics for Biologist" from 5th to 6th July, 2018 which was sponsored by GSBTM. It was a pleasure to be with the students and faculty members of President Science College, Gujarat University, Ahmedabad.

His talk was about "How to prepare solution with various units of concentration and what their significance are?" He also spoke about preparation of different buffer solution and their importance in biology as well as chemistry.

There were many students from UG and PG courses of Gujarat University affiliated collages, few research scholars were also there. It was nice interactive session, student asked many of their drought about unit of concentration and buffer solution. Around 120 candidates participated for this workshop

We would like to thank organiser and sponsor for inviting him as an eminent speaker in this workshop. Very nice hospitality was given by the organiser.
