ORIENTATION COURSE

DEPARTMENT OF
CHEMISTRY

As an academicians orientation programme is one of the significant courses for everyone. Since it deals and makes aware of the policy rules, ICT, Education, Research and assets.

Name of Activity: ORIENTATION COURSE

Participant Name: Dr. Rajamouli Boddula

Duration: 13th June 2019 – 12th July 2019.

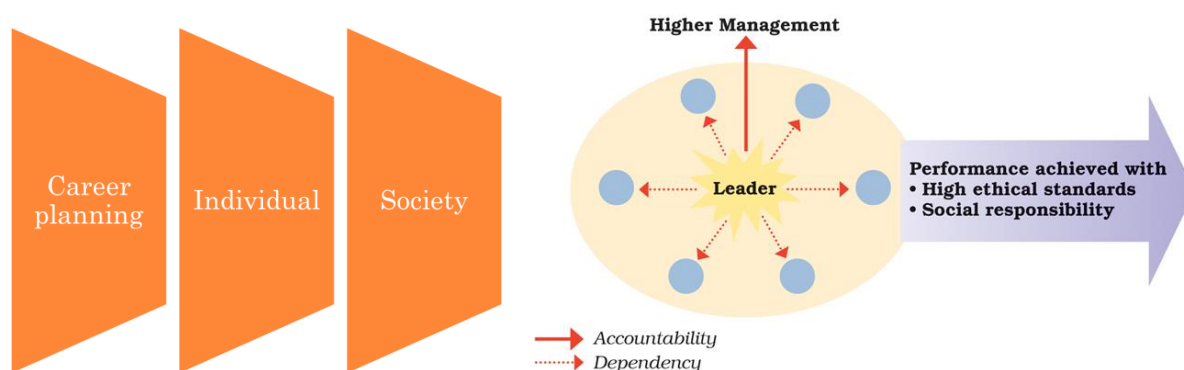

Location: Central University of Punjab, Bathinda, Punjab.

Dr. Rajamouli Boddula has attended an orientation course at the Central University of Punjab, Bathinda, Punjab, India, and duration of the course is one month which is from 13th June 2019 – 12th July 2019. Duration of this event is covered many interesting discussion on employability skills; introduction to law of copyright, patent; tools of assessment for research; role of governance in education; teacher as navigator; university act presentation; information and communication tools (ICT) and etc. Among all some of the interesting images are given here which makes us think and direct toward our goals.

The ICT tools are explained by Prof. Vasudha Kamat, Vice-Chancellor, SNDT Women's University, and Mumbai. She is also one of the members of National Education Policy 2019. In addition, different fields of expertise are given their valuable views and made discussions. Approximately >40 expertise are shared one-month session. The centrality of

ethics and social responsibility in leadership and the managerial role are discussed. We can see here the following images can represent the same.

The extreme support from the Uka Tarsadia University as well as the Department has received to attend the orientation course. The given opportunity fulfilled by Dr. Rajamouli Boddula and it will implement in departmental level in Department of Chemistry.
