

Best Oral Presentation

National conference on “Nanochemistry: current Scenario and their environmental aspect” was organized and hosted by P.G Department of Chemistry & IQAC, G.T.Patil Arts, commerce and science college, Nadurbar, Maharashtra (Gujarat-India) during 29th June – 2022.

This conference was organized in association with Indian council of Chemists, Agra, Chemistry teacher association, Jalgaon and P.P.Savani University, Surat, India.

The major aim of this conference was to provide opportunity to young researchers and students to interact with eminent speakers and also present their work in the form of posters and oral communications. The scientific sessions included several plenary lectures, oral communications and poster presentations from various subject areas of Chemical Sciences, Pharmaceutical sciences and Biological sciences.

Dr. Nilesh Pandya from Department of Chemistry has received Best Oral Presentation awards. Dr.Nilesh Pandya has delivered a presentation on topic “A study of MAOS: Microwave assisted organic synthesis”. He is mainly focused on the field of green chemistry in which MAOS is very important.

More than 150 delegates across the country were registered for this conference. Total 10 abstracts were accepted for oral presentations and 20 abstracts were accepted for poster presentations by scientific committee. The conference was financially supported by Indian council of Chemists-Agra, Chemistry teacher association, Jalgaon and P.P.Savani University, Surat, India.
