

Workshop on "¹³C-NMR and Mass Spectroscopy" was organized by Department of Chemistry, UTU in for the students of M. Sc. (Organic & Pharmaceutical Chemistry) and M. Pharm., Date: 6th -8th September 2012

- ✚ Department of Chemistry, UTU organized a workshop on "¹³C-NMR and Mass Spectroscopy" for M. Sc. (Organic & Pharmaceutical Chemistry) and M. Pharm. The objective of the workshop was to provide the knowledge on some of the important techniques from Analytical Chemistry.
- ✚ Prof. Dr. D. I. Brahmbhatt, Department of Chemistry, S. P. University, Vallabh Vidyanagar, Anand, who served as an excellent resource person for this workshop and delivered informative sessions for three days.
- ✚ Dr. Brahmbhatt explained the fundamental aspects of both ¹³C-NMR and Mass spectroscopy with the ease of understanding.
- ✚ He also, provided the necessary guidance to follow the basic rules for the determination and elucidation of structures of organic compounds.
